COUNTY of KLEBERG
KINGSVILLE, TEXAS

August 27, 2021

Honorable Rudy Madrid, County Judge
Honorable Members of the Kleberg County Commissioners' Court

State law requires that all general-purpose local governments publish within six months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the annual comprehensive financial report of the County of Kleberg for the fiscal year ended September 30, 2020.

This report consists of management's representations concerning the finances of the County. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of the County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and compiled sufficient reliable information for the preparation of the County's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the County's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statement will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The County's financial statements have been audited by Raul Hernandez & Co., P.C. The goal of the independent audit was to provide reasonable assurance that the financial statements of the County, for the fiscal year ended September 30, 2020, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was reasonable basis for rendering an unmodified opinion that the County's financial statements for the fiscal year ended September 30, 2020, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the County was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statement, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the other supplementary information section of this report.

Reporting

The accompanying financial statements have been prepared in conformity with general accepted accounting principles (GAAP) in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted primary standard setting body for establishing governmental accounting and financial principles.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The County's MD&A can be found immediately following the report of the independent auditors.

History of Kleberg County

Kleberg County was part of the Spanish province of Nuevo Santander, which encompassed the area between Tampico, Mexico and the Guadalupe River in Texas. After Mexico secured her independence in 1821, additional land in the area was granted to various individuals. In 1846, the land that is now in Kleberg County was designated a part of Nueces County and it remained so for many years.

In 1853, Richard King purchased the Santa Gertrudis grant in Kleberg County from the heirs of the original Spanish grantees and started the King Ranch. The history of Kleberg County during the next fifty years is almost indistinguishable from that of the ranch. In 1903, however, the St. Louis, Brownsville, and Mexico Railway was built through South Texas to Brownsville, and Henrietta King, owner of the King Ranch, opened for sale a large tract of her land. A surveyor employed by the ranch laid out the town of Kingsville in a pasture three miles east of the ranch headquarters. Even before the railroad reached the town, numerous lots were sold. By 1912, the population of the town was approximately 4,000. In 1908 Ricardo, located on the railroad six miles south of Kingsville, was started as a trading center for farmers living nearby. Nine miles farther down the tracks, Theodore F. Koch, who had purchased around 20,000 acres from Mrs. King in 1907, established Riviera. On Baffin Bay, a few miles to the east, Koch soon organized Riviera Beach as a vacation resort. Vattman, which is several miles to the northeast of Riviera, was settled in 1908 by German American families sponsored by the Catholic Colonization Society.

Kingsville grew much more rapidly than the other towns, largely because the railroad placed its general offices and shops there. The railroad employees made up a third of the population of the town and were the main source of income. As the population in the area increased, the citizens of Kingsville and the other communities began to break away from Nueces County. In 1913, the Texas legislature responded to this pressure and organized Kleberg County, named for Robert Justus Kleberg, whose son, also named Robert Justus Kleberg, was manager of the King Ranch. The law setting up the county named five

residents to take care of organizing it, including hiring a surveyor and arranging for the first election. Anton Felix H. von Blucher was employed to do the surveying, and within a short time he delineated the boundaries of the county and drew the lines of the precincts.

At an election on June 27, 1913, the precinct and county officers were chosen, and Kingsville was designated the county seat. The new public officials met in rented offices in downtown Kingsville and began their work. The commissioners' court proposed that a courthouse and hospital be built; the voters approved bond issues for their construction, and both were completed by 1914. Oil exploration began early in the county; with the first producing well discovered in 1919. During the next fifty years, county wells produced around 178 million barrels of oil. The first industry in the county was a cotton mill started in Kingsville in 1921. An additional stimulus occurred in 1925, when South Texas Teachers College (now Texas A&M University-Kingsville) was established.

In 1935, Loyola Beach was developed on the Callo del Grullo, three miles east of Vattman, as a recreational spot for vacationers and fishermen. The 1940's witnessed a period of spectacular growth similar to that of the 1920's. The population rose from 7,782 in 1940 to 16,857 in 1950. This growth was due primarily to the location of the Naval Auxiliary Station (later the Naval Air Station, Kingsville) three miles southeast of Kingsville.

Profile of Kleberg County

Kleberg County is a political subdivision of the State of Texas. It has no legislative powers, and very restricted judicial and administrative powers. The governing body of the County is its Commissioners' Court of which there are five members. The government body of the County is the Commissioners' Court. The Commissioners' Court is comprised of the County Judge (who serves as the presiding officer) and the four Commissioners from one of the County's four road and bridge precincts. Each member of the Commissioners' Court is elected to a four-year term of office.

The Court has only such powers as are conferred upon it by the Constitution and the Statutes or by necessary implication there from. The Commissioners' Court has certain powers expressly granted by the legislature and powers necessarily implied by such grant. One of the most important duties of the Commissioners' Court is the management of the finances of the County. Among other things, it approves the budget, determines the tax rates, approves contracts in the name of the County, establishes policies for County operations, determines whether indebtedness should be authorized and issued, and appoints certain County officials.

The County provides a full range of services, including:

General government services related to the legislative, judicial, and executive branches of the government. This category includes budgets for the various judicial courts, indigent defense, criminal district attorney, district clerk, law library, county judge, county commissioners, tax assessor-collector, county treasurer, county auditor, county clerk, and information technology.

Public safety services related to the protection of persons and property. This category includes budgets for the sheriff, constables, juvenile and adult probation and emergency management.

Highways and streets services related to the construction, repair and maintenance of roadways. This category includes budgets for each of the four commissioners.

Health and welfare services related to public health and public assistance. This category includes budgets for health and human services, welfare and indigent assistance.

Recreational and cultural services for the benefit of residents and visitors. This category includes budgets for the library and parks.

Conservation services designed to conserve and develop natural resources. This category includes the budgets for animal control, and Texas Agri-life extension.

The County Auditor has responsibilities for prescribing the systems and procedures for handling the finances of the County and “examining, auditing and approving” disbursements from County funds prior to their submission to Commissioners’ Court for approval.

The County provides many varied services to the public it serves. These services include operation of the district, county and justices of the peace judicial systems, voting operations for national, state and some local elections, maintenance on and construction of county owned roads and bridges, recording functions relating to property rights and vital statistics, operation of the law enforcement agencies (sheriff and constables), operation of the county jail, operation of the public health department in conjunction with the City of Kingsville, operation of the park services department, operation of the county libraries, assistance to indigents, the provision of juvenile, health, education and welfare services involving the care and correction of dependent or delinquent children as well as property tax collections for multiple agencies.

The annual budget serves as the foundation for the County’s financial planning and control. All departments of the County are required to submit requests for appropriation to the Commissioner’s Court on or before June 30 of each year. The Commissioner’s Court uses these requests as the starting point for developing a base line budget, but without any tax increases or personnel changes. The Commissioners’ Court holds several budget workshops to discuss priorities. The County Auditor then reviews the proposed budget with all the revisions as directed by Commissioners’ Court. A copy of the proposed budget is filed with the County Clerk and County Auditor. The Commissioners’ Court then must hold a public hearing on a day within seven calendar days after the date the proposed budget is filed, but before October 31 of the current year. The Commissioners’ Court must take action on the proposed budget at the conclusion of the public hearing.

The appropriated budget is prepared by fund, department, and budget category. On some items of greater importance, the budget is prepared by line item. All transfers between budget categories and departments require the special approval of the Commissioners’ Court with the exception of the special revenue funds other than the road fund and park fund. The appropriate department head can make budget transfers for those special revenue funds other than just previously mentioned.

Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. For the general fund, this comparison is presented as part of the basic financial statements for the governmental funds. For governmental funds, other than the general fund, with appropriated annual budgets, this comparison is presented in the Supplemental-

Nonmajor Governmental Funds subsection of this report. Also included in the governmental fund subsection is project-length budget-to-actual comparison for each governmental fund for which a project length budget has been adopted (road & bridges, law library and capital projects fund).

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the County operates.

Local Economy

Government The importance of the government sector across all geographic areas in South Texas, but especially in Kleberg County. Government workers are made up of local (K-12 education), state (Texas A&M University-Kingsville), Federal civil (border patrol), and military (NAS-Kingsville). Not only is the government sector the top industry of the economy of Kleberg County, the government is the largest employer for the County with a majority of the workforce being found in the state, federal and military sectors. With the presence of a large university within the County, the state government level of employment is the largest sector of government.

Agriculture and Services Since the 1800's, agribusiness has been a heavy contributor to the economy of the Kingsville area and South Texas. Agribusiness is the second most important source of property tax income for Kleberg County. The majority of the County's land lies within the famed King Ranch.

King Ranch is one of the largest ranches in the world. It comprises 825,000 acres and was founded in 1853 by Richard King and Gideon R. Lewis. The King Ranch, in addition to cattle farming, operates a local museum, maintains other property concerns and works with Texas A&M University-Kingsville to perform agricultural research and development.

The King Ranch is a major employer of Kleberg County, Texas under different categories, Agriculture and Services. The Services are considered the everyday management of the ranch and the Agriculture would be raising cattle, as well as, quarter horses, cutting horses and thoroughbreds.

Unemployment Rate The current unemployment rate of Kleberg County, Texas is 8.58%, which is higher than the national unemployment rate of 8.13% and the statewide average rate of 7.70%.

Healthcare Kleberg County is serviced by a branch of CHRISTUS Spohn Hospital. It provides medical care services for the entire family, from infants to seniors. As a community hospital, it provides advanced, comprehensive health care services using the latest technology and procedures that is just a short drive away. It provides health care from OB-GYN care through birthing services. It is committed to the overall health of everyone in our area with fitness, health and wellness classes and provides complete rehab services to promote recovery after injury or surgery. CHRISTUS Spohn Hospital Kleberg is home to the only Level IV Trauma Center within several counties, which means we are equipped to provide advanced medical care for everything from traumatic injuries and emergency situations to broken bones and allergic reactions. Healthcare is the third most important sector of the economy of Kleberg County, Texas.

Major Highways US Highway 77 provides a major north-south trade corridor between the Port of Corpus Christi, Brownsville, Mexico and all points south.

Airports Kleberg County Airport provides a 6,000-foot runway. Corpus Christi International Airport, 35 minutes northeast of Kingsville, provides daily passenger, commercial and cargo service.

Education Within Kleberg County is Texas A& M University – Kingsville which is a public university located in Kingsville, Texas, (which is the county seat) and is one of the campuses comprising the Texas A&M University System. The university has programs in engineering, agriculture, wildlife, music, and the sciences and developed the nation's first doctoral degree in bilingual education.

Texas A&M University–Kingsville is the oldest continuously operating public institution of higher learning in South Texas. The school was chartered as the South Texas Normal School in 1917; however, the opening of the school was delayed due to World War I. Founded in 1925 as South Texas State Teachers College, the university's name changed in 1929 to Texas College of Arts and Industries signaled the broadening of its mission. A 1967 name change to Texas A&I University marked another transition. The university became a member of the Texas A&M University System in 1989 and changed its name to Texas A&M University–Kingsville in 1993.

Long-term Financial Planning

The County's elected and appointed officials and citizens considered many factors when setting the 2020 fiscal year budget and tax rates, and the fees that will be charged for services. The main driver is the Kleberg County economy. The County's employment growth has mirrored its population growth for the last several years.

These indicators were taken into account when adopting the general fund budget for 2020. Amounts available for appropriation in the general fund budget are expected to be slightly over \$15 million. Property taxes (benefiting from increases in assessed valuations), public service taxes, and grant revenue (boosted by increased state and federal funding in several of our current programs) are expected to lead this increase. The County plans to use these revenues to finance programs currently provided and to restore its General Fund fund balance to a respectable level of surplus.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Kleberg County, Texas for its Annual Comprehensive Financial Report (ACFR) for the year ended September 30, 2020. The Certificate of Achievement is a prestigious national award-recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized annual comprehensive financial report, whose content conforms to program standards. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another certificate.

Report on the Audit of the Financial Statements

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Kleberg County, Texas ("the County") as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Kleberg County, Texas as of September 30, 2020, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, and budgetary comparison information and schedule of the County's proportionate share of the net pension liability and schedule of County pension contributions, and schedule of the County's proportionate share of the net OPEB liability and schedule of County OPEB contributions identified as Required Supplementary Information in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Kleberg County, Texas's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, and statistical section are presented for purposes of additional analysis and are not required parts of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated August 27, 2021 on our consideration of Kleberg County, Texas's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Kleberg County, Texas's internal control over financial reporting and compliance.

KLEBERG COUNTY, TEXAS

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the Kleberg County (the County) annual financial report presents Management's Discussion and Analysis (MD&A) of the County's financial performance during the fiscal year ended September 30, 2020. The MD&A should be read in conjunction with the transmittal letter found in the introductory section of this report and the County's financial statements which follow this section.

FINANCIAL HIGHLIGHTS

- The assets of the Kleberg County exceeded its liabilities at the close of the most recent fiscal year by \$26,701,222 (net position). Of this amount, \$14,385,556, (unrestricted net position) may be used to meet the County's ongoing obligations to citizens and creditors.
- As of the close of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$18,682,859 of which, \$8,363,935 is available for spending at the government's discretion (unassigned fund balance).
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$8,410,549, or 57%, of total general fund expenditures; these expenditures were \$121,531 more than 2019 due, in part, to increases in health & welfare, and culture and recreation.
- The fund balance for the General fund increased to \$8,410,549 in 2020, an increase of \$1,334,841 from 2019.
- At the end of the current fiscal year, the deferred outflows of resources totaled \$746,171. Furthermore, deferred inflows of resources totaled \$1,294,779, while net pension liability totaled \$2,728,741. Therefore, the deferred inflows of resources and net pension liability total of \$4,023,520 exceeded the deferred the outflows of resources by \$3,277,349.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts—*management's discussion and analysis* (this section), the *basic financial statements*, and *required supplementary information*. The basic financial statements include two kinds of statements that present different views of the County:

- The first two statements are *government-wide financial statements* that provide both *long-term* and *short-term* information about the County's overall financial status.
- The remaining statements are *fund financial statements* that focus on *individual parts* of the government, reporting the County's operations in more detail than the government-wide statements.
- *The governmental funds* statements tell how *general government* services were financed in the *short term* as well as what remains for future spending.
- *Proprietary fund* statements offer short- and long-term financial information about the activities the government operates like businesses. The County maintains one type of proprietary fund- an internal service fund. The Internal Service Fund is used to report activities of the County's self-insurance program. Because these services predominately

KLEBERG COUNTY, TEXAS

benefit governmental rather than business-type functions, the Internal Service Fund is reported with governmental activities in the government-wide financial statements. Proprietary funds provide the same type of information as the government-wide financial statements, but in more detail. The Internal Service Fund is presented as a single, aggregated presentation in the proprietary fund financial statements.

- *Fiduciary fund* statements provide information about the financial relationships in which the County acts solely as a *trustee or agent* for the benefit of others, to whom the resources in question belong.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of *required supplementary information* that further explains and supports the information in the financial statements.

Figure A-1 shows how the required parts of this annual financial report are arranged and relate to one another. In addition to these required elements, a section with combining statements that provides details about the non-major governmental funds and internal service funds is included.

Government-wide Statements

The two government-wide statements report the County’s net position and how they have changed. Net Position—the difference between the County’s assets and liabilities—is one way to measure the County’s financial health or position.

- Over time, increases or decreases in the County’s net position are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the County, one needs to consider additional nonfinancial factors such as changes in the County’s tax base

KLEBERG COUNTY, TEXAS

The government-wide financial statements of the County include the *Governmental activities*. Most of the County's basic services are included here, such as general government, public safety, highways and streets, sanitation, economic development, culture and recreation, and interest on long-term debt. Property taxes and grants finance most of these activities.

Fund Financial Statements

The fund financial statements provide more detailed information about the County's most significant *funds*—not the County as a whole. Funds are accounting devices that the County uses to keep track of specific sources of funding and spending for particular purposes.

- Some funds are required by State law and by bond covenants.
- The Commissioner's Court establishes other funds to control and manage money for particular purposes or to show that it is properly using certain taxes and grants.

The County has the following kinds of funds:

- *Governmental funds*—Most of the County's basic services are included in governmental funds, which focus on (1) how *cash and other financial assets* that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed *short-term* view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the County's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental funds statement, or on the subsequent page, that explain the relationship (or differences) between them.
- *Proprietary funds*- The County maintains one type of proprietary fund, an internal service fund. The Internal Service Fund is used to report activities of the County's self-insurance program. Because these services predominantly benefit governmental rather than business-type functions, the Internal Service Fund is reported with *governmental activities* in the *government-wide financial statements*.

Proprietary funds provide the same type of information as the government-wide financial statements, but in more detail. The Internal Service Fund is presented as a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of *combining statements* elsewhere in this report.

- *Fiduciary funds*—The County is the trustee, or *fiduciary*, for certain funds. It is also responsible for other assets that—because of a trust arrangement—can be used only for the trust beneficiaries. The County is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the County's fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position. We exclude these activities from the County's government-wide financial statements because the County cannot use these assets to finance its operations.

KLEBERG COUNTY, TEXAS

The County's overall financial position has increased in the amount of \$1,233,856. The largest portion of the County's assets are invested in capital assets (e.g. land, construction in progress, infrastructure, buildings & improvements, machinery and equipment). The County uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The unrestricted portion of net assets was \$14,385,556, or 54% of total net position, which is up \$1,030,167 due, in part, to a net decrease in pension liabilities.

KLEBERG COUNTY, TEXAS

Governmental Activities

- Property tax was up \$359,044, or 2.9%, due to an increase in other – miscellaneous taxes in the General Fund. Net taxable property values was \$1,599,697,953, and the total tax levy was \$.76950.
- Operating Grants & Contributions decreased (\$229,094) due to a decrease in Judicial, Public Safety, and Public Transportation program revenues compared to the prior year.

Revenues. The County’s total revenues were \$26,809,199. A significant portion, 46%, of the County’s revenue comes from property taxes. In addition, 24% comes from operating grants & contributions, and 15% relates to charges for services. (See Figure A-1 and Table A-2)

Figure A-1

Table A-2 and Figure A-2 present the cost of each of the County’s largest functions.

- The cost of all governmental activities this year was \$25,575,343. However, the amount that our taxpayers paid for these activities through property taxes was \$12,338,855.
- Some of the costs, \$3,976,970, or 15%, were paid by those who directly benefited from the programs such as human services, state juvenile and adult probationary fees, and fees of office.
- Of total costs, \$9,954,595 is attributed to Public Safety, which had a net decrease from the prior year by (\$495,994) due, in part, to the decrease in expenditures in the General Fund, Sheriff Chapter 59 Forfeiture, NIBRS Grant, Community Supervision, and South Texas Task Force.

KLEBERG COUNTY, TEXAS

- Total costs of services were down (\$1,456,189), where general government expenditures had the most significant decrease in the amount of (\$1,456,189). The majority of the general government expenditure decrease was part of the Courthouse Restoration Fund.

Figure A-2

FINANCIAL ANALYSIS OF GOVERNMENTAL FUNDS

As noted earlier, the County uses *fund accounting* to ensure and demonstrate compliance with finance-related legal requirements. The County has maintained an AAA/Aaa bond rating since 1978.

Governmental funds. The general government functions are reported in the General, Special Revenue, Debt Service, and Capital Project Funds. The focus of the *County's governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the County's annual financing and budgeting requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$18,682,859, a net increase of \$1,329,487 compared with the prior year. The largest increases in fund balance were in the General Fund and the Park Grant (CIAP) fund.

The General fund is the chief operating fund of the County. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$8,410,549 in contrast to \$6,835,720 in the prior year. The fund balance of the Park Grant (CIAP) Fund increased by \$164,260 from the preceding year due to an increase in revenues. In addition, the Human Services fund balance increased by \$160,941 due to increases in revenue and decreases in expenditures. The County, in 2020, had an increase in Taxes of \$277,510, which includes general property taxes, general sales & use taxes, gross receipts business taxes, and miscellaneous taxes. In contrast, fines and forfeitures revenues decreased by (\$599,978), as part of an overall net decrease for revenue in the amount of (\$639,601).

KLEBERG COUNTY, TEXAS

The Debt Service Fund (County-wide) has a total fund balance of \$487,868, an increase of \$42,190. The reserves for the payment of debt service combined with the estimated first quarter collections on current year assessments will cover next year's scheduled debt. The increase in the net fund balance was the result of decreases in debt payments of principal, interest & fiscal charges, along with a decrease in bond issuance costs.

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

Revenues

Revenues from governmental fund types totaled \$26,734,812, which was a decrease of (\$639,601) compared to the preceding year. The most significant variances in governmental fund revenues were derived from fines & forfeitures, and fees of office, which decreased (\$599,978), and (\$343,359), respectively. The decrease in fines and forfeitures was due to, in part, decreases in revenues for the General Fund, Road & Bridge Maintenance, and Sheriff Chapter 59 Forfeiture,

The County's primary source of revenue consists of taxes, which comprise 55% of the County's total revenues. In addition, intergovernmental, fees of office, and fines & forfeitures comprise 25%, 6.5%, and 5.3% of total revenues, respectively. The County's departments that charge for services include park & recreational, fees of office from justice of the peace precincts, and constables, which are all an important part of the County's revenues. They are an integral part of the County's ability to provide the services to which citizens have become accustomed. (See Figure A-3 and Table A-3

General Fund Budgetary Highlights

The final budget was adopted with total General Fund revenues of \$16,800,545 and expenditures of \$17,327,474, which both include transfers.

The following are significant variations between the final budget and actual amount.

- Actual revenues (excluding transfers) were higher than budgeted figures by \$98,708. Of this amount, Refunds & Reimbursements had the largest positive variance of \$117,027.
- Actual expenditures (excluding transfers) were \$1,398,255 below final budget amounts. The most significant positive variances were in the Non-Departmental, Sheriff, and County Jail departments which had positive variances of \$201,041, \$192,425, and \$179,661, respectively. County departments were encouraged to hold the line of salaries and expenditures to support the overall County budget due to the fact that the County was incurring higher costs on items such as medical insurance, data services, and utilities.

KLEBERG COUNTY, TEXAS

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At the end of 2020, the County had invested \$38,390,519 in a broad range of capital assets, including land, construction in progress, infrastructure, buildings & improvements, and machinery & equipment. (See Table A-6.)

The capital assets of the County are those assets (land, construction in progress, infrastructure, buildings & improvements, and machinery & equipment), which are used in the performance of the County's functions. At September 30, 2020, net capital assets of the governmental activities totaled \$17,470,787. Depreciation on capital assets is recognized in the Government-wide financial statements. Accumulated depreciation for infrastructure, buildings & improvements, and equipment totaled \$20,919,732. More detailed information about the county's capital assets is presented in the notes to the financial statements on page 49.

Long Term Debt

At year-end, the County had \$6,937,832 in bonds, and compensated absences, as shown in Table A-7. The County's total debt had a net decrease from the prior year, due to additional bond debt payments in 2020. More detailed information about the County's debt is presented in the notes to the financial statements on page 51.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

- Appraised value used for the 2020 budget preparation increased \$8,531,816 to \$1,596,423,394. With a tax rate of \$.78546, the County expects tax revenues to remain stable.
- General operating fund spending in the 2021 budget is expected to have a slight decrease as compared to 2020.
- All other funding sources are expected to stay somewhat stable with the above property tax providing the needed funding for 2021.

These indicators were taken into account when adopting the general fund budget for 2021. This budget will increase revenue from property taxes than last year's budget by an amount of \$376,168, which is an increase from last year's budget. The property tax revenue to be raised from new property added to the tax roll this year is \$116,310.

Expenditures are budgeted to increase.

If these estimates are realized, the County's budgetary general fund balance is expected to increase. If this estimate holds true, the County will have a fund balance of an estimated \$8,500,000. In light of the County's building fund balance, the Commissioners' Court is constantly monitoring the budget. Such concerns will also be reflected in the upcoming preparation of the 2021 budget to ensure that the County continues to build a positive fund balance.

KLEBERG COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2020

A. Summary of Significant Accounting Policies

The accounting and reporting policies of the County reflected in the accompanying financial statements conform to accounting principles generally acceptable in the United States of America applicable to state and local governments. Accounting principles generally accepted in the United States of America for local governments are those promulgated by the Governmental Accounting Standards Board (GASB) in Governmental Accounting and Financial Reporting Standards. The financial report has been prepared in accordance with GASB Statement No. 34, "Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments", issued in June 1999 and implemented by the County in fiscal year 2004. The most significant accounting and reporting policies of the County are described in the following notes to the financial statements.

1. Reporting Entity

The County's basic financial statements include the accounts of all its operations. The County evaluated whether any other entity should be included in these financial statements. The criteria for including organizations as component units within the County's reporting entity, as set forth in GASB Statement No. 14, "The Financial Reporting Entity," include whether:

- the organization is legally separate (can sue and be sued in its name)
- the County holds the corporate powers of the organization
- the County appoints a voting majority of the organization's board
- the County is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the County
- there is fiscal dependency by the organization on the County
- the exclusion of the organization would result in misleading or incomplete financial statements

Based on these criteria, the County has no component units. Additionally, the County is not a component unit of any other reporting entity as defined by the GASB Statement.

2. Government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Interfund services provided and used are not eliminated in the process of consolidation. Governmental activities, which normally are supported by taxes and intergovernmental revenues which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate fund financial statements are provided for the governmental funds, interest and sinking fund and fiduciary funds, even though the latter are excluded from the government-wide financial statements. The general fund and the District Attorney's forfeiture fund are major funds and the debt service fund and road and bridge fund are designated as major funds and are reported in separate columns in the fund financial statements.

KLEBERG COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2020

3. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows including claims and judgments reported in the County's internal service fund (proprietary fund). Property taxes are recognized as revenues in the year for which they are levied. Fees and fines are considered as earned when paid. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, are recorded only when payment is due.

Intergovernmental revenues, rents, commissions, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the County, which includes, delinquent property taxes, licenses, fees and fines. For grants, like the government-wide financial statements, the revenue is recognized when all the eligibility requirements have been met.

When the county incurs an expenditure or expense for which both restricted and unrestricted resources may be used, it is the County's policy to use restricted resources first, then unrestricted resources.

The County reports four major and two designated major governmental funds:

The General Fund is the County's primary operating fund. The General Fund is used to account for all financial resources except those required to be accounted for in another fund.

The District Attorney's Forfeiture Fund is used to account for late check fees and forfeitures.

The Debt Service Fund accounts for tax levies and other funds used to meet annual principle and interest payment requirements on the outstanding general obligation debt and outstanding lease purchase contracts.

The Road and Bridge Fund is a special revenue fund used to account for certain types of fines and forfeitures, licenses and permits, and intergovernmental revenues. Expenditures related to road and bridge maintenance are accounted for in this fund.

All other governmental funds are combined and reported as non-major. Non-major funds included parks, grants and other special revenue funds.

Additionally, the County reports the following fund types:

Internal service funds accounted for and financed the County's uninsured risks of loss from group health insurance which was terminated September 30, 2011. Expenses are for benefits, claims and administrative expenses which were incurred prior to September 30, 2011, but not paid until 2012. Proprietary funds distinguish operation revenues and expenses from non-operating. Operating revenues and expenses generally result from providing goods and services in connection with a proprietary fund's principal and ongoing operations.

KLEBERG COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2020

Fiduciary funds are classified into private purpose trust and agency funds. The County has only agency funds which are used to account for the assets that are held for the benefit of others or as an agent for individuals, private organizations, other governmental units, and/or other funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The County's agency funds include assets and liabilities of the Sheriff, Justices of the Peace, Parks Department, Tax Assessor/Collector, Library, County Clerk, District Clerk, and County Attorney.

4. Assets, liabilities, and net assets

a. Deposits and investments

The County's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of less than 90 days and local government pools. State statutes and the County's official Investment Policy authorize the County to invest in obligations of the U.S. and its agencies, certificates of deposit, local government pools, repurchase agreements, and direct obligations of states, agencies, counties, cities, and other political subdivisions of any state rated "A" or its equivalent.

Investments for the County are reported at fair value in accordance with provisions of GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and for External Investment Pools. All investment income is recognized as revenue in the appropriate fund's statement of revenue, expenditures, and change in fund balance. Deposit and Investment Risk Disclosures are in accordance with GASB Statement No. 40.

b. Receivables and payables

All trade and property tax receivables are shown net of an allowance for uncollectibles. Trade receivables are directly written off when circumstances indicate a receivable is no longer collectible, usually within one year that the receivable was incurred.

Property taxes are levied prior to September 30, based on taxable value as of January 1, and become due October 1 and past due after January 31. Accordingly, receivables and revenues for property taxes are reflected on the government-wide statement based on the full accrual method of accounting. On the governmental fund financial statements, outstanding property taxes receivable is reported as deferred revenue.

Accounts receivable include amounts due from grantors for approved grants for specific programs and reimbursements for services performed by the County. Program grants are recorded as receivables and unearned revenue (a liability) at the time the contracts are approved and signed. Grant revenues are recognized when eligibility requirements established by the grantor have been met at which time unearned revenue (the liability account) is reduced.

Lending or borrowing between funds is reflected as "due to or due from" (current position) or "advances to/from other funds" (non-current). Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources. Interfund activity reflected in "due to or due from" is eliminated on the government-wide statements.

c. Inventories and Prepaid Items

Inventories on the balance sheet are stated at weighted average cost. Inventory items are recorded as expenditures when they are consumed. Inventory amounts at year-end were insignificant and therefore not reported on the financial statements.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements and are accounted for under the purchases method.

KLEBERG COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2020

Inventories of governmental funds are offset by a fund balance reserve which indicates that they do not constitute "available expendable resources" even though they are a component of net current assets.

d. Capital Assets

Capital assets, which include land, buildings and improvements, and equipment, are reported in the government-wide financial statements. Capital assets are defined as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of two years.

Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated acquisition value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the assets lives are not capitalized.

Capital assets are being depreciated using the straight-line method over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
Infrastructure	30
Buildings	50
Building Improvements	20
Vehicles	2-15
Office Equipment	3-15
Computer Equipment	3-15

e. Receivable and Payable Balances

Receivables as of September 30, 2020 for the general fund and non-major funds including the applicable allowances for uncollectible accounts, are as follows:

	<u>General & Other Major Funds</u>	<u>Non-major Funds</u>	<u>Total Governmental Funds</u>	<u>Internal Service Fund</u>	<u>Total Governmental Activities</u>
Receivables:					
Taxes	\$ 1,316,557	\$ --	\$ 1,316,557	\$ --	\$ 1,316,557
Accounts	120,395	359,803	480,198	396	480,198
Intergovernmental	489,429	553,305	1,042,734	--	1,042,734
Gross Receivables	1,926,381	913,108	2,839,489	396	2,839,489
Less: allowance for uncollectible taxes	(302,808)	--	(302,808)	--	(302,808)
Net total receivables	\$ 1,623,573	\$ 913,108	\$ 2,536,681	\$ 396	\$ 2,536,681

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned.

The County believes that sufficient detail of receivable and payable balances is provided in the financial statements to avoid the obscuring of significant components by aggregation. Therefore, no disclosure is provided which disaggregates those balances.

There are no significant receivables which are not scheduled for collection within one year of year end.

KLEBERG COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2020

f. **Compensated Absences**

Accumulated vacation and comp time is accrued when incurred and reported in the government-wide statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

g. **Interfund Activity**

Interfund activity results from loans, services provided, reimbursements or transfers between funds. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures or expenses. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers In and Transfers Out are netted and presented as a single "Transfers" line on the government-wide statement of activities. Similarly, interfund receivables and payables are netted and presented as a single "Internal Balances" line of the government-wide net assets.

See Note F for interfund balances and activity.

h. **Use of Estimates**

The preparation of financial statements in conformity with GAAP requires the use of management's estimates.

i. **Fund Equity**

Fund balances of the governmental funds are classified as follows:

Nonspendable Fund Balance - represents amounts that cannot be spent because they are either not in spendable form (such as inventory or prepaid insurance) or legally required to remain intact (such as notes receivable or principal of a permanent fund).

Restricted Fund Balance - represents amounts for Road & Bridge improvements, State & Federal grants, and Debt Service Fund.

Committed Fund Balance - represents amounts that can only be used for a specific purpose pursuant to constraints imposed by County ordinance or resolution no later than the close of the fiscal year. Committed amounts cannot be used for any other purpose unless the Board of Commissioners removes those constraints by taking the same type of formal action. Committed fund balance amounts may be used for other purposes with appropriate due process by the Board of Commissioners. Committed fund balance amounts differ from restricted balances in that the constraints on their use do not come from outside parties, constitutional provisions, or enabling legislation. County ordinance and resolution are equally difficult to remove the constraint on fund balance. The committed fund balance represent amounts for Asset Forfeitures, Golf Course Fund, and CSCD Personal Bond Unit.

Assigned Fund Balance - represents amounts which the County intends to use for a specific purpose, but that do not meet the criteria to be classified as restricted or committed. Intent may be stipulated by the Commissioners Court authorizes the Count Auditor to assign fund balance. Specific amounts that are not restricted or committed in a special revenue, capital projects, debt service or permanent fund are assigned for purposes in accordance with the nature of their fund type or the fund's primary purpose. Assignments within the general fund conveys that the intended use of those amounts is for a specific purpose that is narrower than the general purposes of the County itself. When the Commissioners Court elects to assign a fund balance, they instruct the County Auditor to do so based on the specific purpose brought to their attention. These amounts represent purchases on order and subsequent year's budget appropriation of fund balance.

KLEBERG COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2020

Unassigned Fund Balance - represents amounts which are unconstrained in that they may be spent for any purpose. Only the general fund reports a positive unassigned fund balance. Other governmental funds might report a negative balance in this classification because of overspending for specific purposes for which amounts had been restricted, committed or assigned.

When an expenditure is incurred for a purpose for which both restricted and unrestricted fund balance is available, the County considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the County considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds

- j. Certain reclassifications have been made to prior year amounts in order to conform to current year presentation.

B. Implementation of New Standards

The County has adopted all current GASB pronouncements that are applicable to its operations and activities. The accounting principles governing the reported amounts, financial presentations, and disclosures are subject to change from time to time based on new pronouncements and/or rules issued by various standards-setting bodies.

GASB 63 - Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position provides financial reporting guidance for deferred outflows of resources and deferred inflows of resources . Deferred outflows of resources are the consumption of net assets by the government that is applicable to a future reporting period and deferred inflows of resources are the acquisition of net assets by the government that is applicable to a future reporting period. Deferred outflows of resources and deferred inflows of resources are incorporated into the definitions of the required components of the residual measure and that measure is renamed as net position, rather than net assets.

B. Compliance and Accountability

1. Deficit Fund Balance or Fund Net Assets of Individual Funds

Following are funds having deficit fund balances or fund net assets at year end:

Fund Name	Deficit Amount
Courthouse Restoration Fund	(17,257)
KC Mitigation Action Plan	(13,309)
CCRTA Grant	(2,847)
Home Grant	(14,555)
Houston HIDTA Grant	(25,355)

2. Excess of expenditures over appropriations

The County did not have excess of expenditures over appropriations, at the legal control by an individual fund.

KLEBERG COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2020

3. Budgetary Data

The following procedures are followed in establishing the budgetary data reflected in the basic financial statements:

The commissioner's court may levy taxes only in accordance with the budget. After final approval of the budget, the commissioner's court may spend county funds only in strict compliance with the budget, except in an emergency. The commissioner's court may authorize an emergency expenditure as an amendment to the original budget only in case of grave public necessity to meet an unusual and unforeseen condition that could not have been included in the original budget through the use of reasonable diligent thought and attention. If the court amends the original budget to meet an emergency, the court must file a copy of its order amending the budget with the county clerk and the county clerk shall attach the copy to the original budget. Only the commissioner's court may amend the budget and shift funds from one budget account to another.

The original budget is adopted by the commissioner's court and filed with the county clerk. Amendments are made during the year and approved by the commissioner's court. The budget should not be exceeded in any expenditure category under state law. The budget was amended to reflect as close as possible revenues and expenditures for the twelve month period. Certain categories exceeded the budget estimates. These variances were due to the fluctuations in revenues and expenditures as opposed to the prorated budget estimates.

The county judge is by statute, the budget officer of the county. He usually requests and relies on the assistance of the county auditor to prepare the annual budget. After being furnished budget guidelines by the commissioner's court, the county judge, with the help of the county auditor, he prepares an estimate of revenues and a compilation of requested departmental expenditures and submits this data to commissioner's court.

The commissioner's court invites various department heads to appear for a hearing concerning the department's budget request. Before determining the final budget, commissioner's court may increase or decrease the amounts requested by the various departments. Amounts finally budgeted may not exceed the estimate of revenues and available resources. Also, amendments can be made within the above guidelines.

When the budget has been adopted by the commissioner's court, the county auditor is responsible for monitoring the expenditures of the various departments of the county to prevent expenditures from exceeding budgeted appropriations and for keeping the members of the commissioner's court advised of the condition of the various funds and accounts. Appropriations lapse at year-end.

Budgets for the general fund and budgeted special revenue, debt service and budgeted capital projects funds are prepared and adopted in accordance with generally accepted accounting principles (GAAP).

KLEBERG COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2020

The following funds had adopted budgets for the fiscal year ended September 30, 2020:

General Fund
Road and Bridge Fund
D.A.'s Forfeiture Fund
CPS Exxon Building
Human Services 1/1-12/31
Task Force Program Income
Federal Drug Fund
Debt Service Fund
Sheriff Chapter 59 Forfeiture
Community Supervision
Human Services Neighbor to Neighbor
Human Services
SO TX Task Force Federal
Special Caseload Sex Fund
Texas A&M University Fund
CSCD Personal Bond Fund
Human Services
Human Services 10/1-9/30
Records Management

The level of control is the fund. By state law, expenditures can exceed appropriations as long as the amounts do not exceed the available revenues and cash balances. Since revenues and expenditures are carefully monitored, it is believed that with GAAP basis, the county will be in compliance with state law.

The legal level of budgetary control (the level on which expenditures may not exceed appropriations) is on an object class basis. If total expenditures exceed appropriations and are in excess of revenues and available cash then transfers of appropriated amounts must be made and approval must be obtained from the commissioner's court. Management may not amend the budget. All amendments must be made by and approved by the commissioner's court.

C. Deposits and Investments

The County's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of less than 90 days, and local government pools. The County's funds are required to be deposited and invested under the terms of a depository contract. The depository bank deposits for safekeeping and trust with the County's agent bank approved pledged securities in an amount sufficient to protect County funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation ("FDIC") insurance.

Cash and Investments

Texas statutes authorize the County to invest in (1) obligations of the U.S. Treasury or its agencies and instrumentalities; (2) direct obligations of the State of Texas or its agencies; (3) other obligations, the principal and interest on which are unconditionally guaranteed or insured by the State of Texas or the United States; (4) obligations of states, agencies, counties or cities rated "A" or better by a national investment rating firm; (5) certificates of deposit that are insured by the Federal Deposit Insurance Corporation (FDIC) or secured by obligations having a fair value of at least the principal amount of the certificates; (6) fully collateralized direct repurchase agreements; and (7) local government pools.

KLEBERG COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2020

1. Cash & Cash Equivalents

At September 30, 2020, the carrying amount of the County's deposits (cash, certificates of deposit, and interest-bearing savings accounts included in temporary investments) was \$22,319,416 and the bank balance was \$12,665,190 and was entirely covered by FDIC insurance or properly secured by collateral held by the County's agent in the County's name.

2. Investments

The County is required by Government Code Chapter 2256, The Public Funds Investment Act, to adopt, implement, and publicize an investment policy. That policy must be written; primarily emphasize safety of principal and liquidity; address investment diversification, yield, and maturity and the quality and capability of investment management; and include a list of the types of authorized investments in which the investing entity's funds may be invested; and the maximum allowable stated maturity of any individual investment owned by the entity.

The Public Funds Investment Act ("Act") requires an annual audit of investment practices. Audit procedures in this area conducted as a part of the audit of the basic financial statements disclosed that in the areas of investment practices, management reports and establishment of appropriate policies, the County adhered to the requirements of the Act. However, investment practices of the County were not in accordance with local policies.

The Act determines the types of investments which are allowable for the County. These include, with certain restrictions, (1) obligations of the U.S. Treasury, certain U.S. agencies, and the State of Texas, (2) certificates of deposit, (3) certain municipal securities, (4) money market savings accounts, (5) repurchase agreements, (6) bankers acceptances, (7) mutual funds, (8) investment pools, (9) guaranteed investment contracts, and (10) common trust funds.

The County's investments at September 30, 2020 are shown below:

Investment or Investment Type	Maturity	Fair Value
Texpool (AAAm)	N/A	\$ 4,793,408
Texas Class		9,409,823
Total Investments		<u>\$ 14,203,231</u>

Investment Accounting Policy

The County's general policy is to report money market investments and short-term participating interest-earning investment contracts at amortized cost and to report nonparticipating interest-earning investment contracts using a cost-based measure. However, if the fair value of an investment is significantly affected by the impairment of the credit standing of the issuer or by other factors, it is reported at fair value. All other investments are reported at fair value unless a legal contract exists which guarantees a higher value. The term "short-term" refers to investments which have a remaining term of one year or less at time of purchase. The term "nonparticipating" means that the investments value does not vary with market interest rate changes. Nonnegotiable certificates of deposit are examples of nonparticipating interest-earning investment contracts.

Public Funds Investment Pools

Public Funds investment pools in Texas ("Pools") are established under the authority of the Interlocal Cooperation Act, Chapter 79 of the Texas Government Code, and are subject to the provisions of the Public Funds Investment Act (the "Act"), Chapter 2256 of the Texas Government Code. In addition to other provisions of the Act designed to promote liquidity and safety of principal, the Act requires Pools to 1) have an advisory board composed of participants in the pool and other persons who do not have a business relationship with the pool and are qualified to advise the pool; 2) maintain a continuous rating of no lower than AAA or AAA-m or an equivalent rating by at least one nationally recognized rating service; and 3) maintain the fair value of its underlying investment portfolio within one-half of one percent of the value of its shares.

KLEBERG COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2020

The County's investments in pools are reported at an amount determined by the fair value per share of the pool's underlying portfolio, unless the pool is 2a7-like, in which case they are reported at share value, which equals fair value. A 2a7-like pool is one which is not registered with the Securities & Exchange Commission ("SEC") as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940.

Analysis of Specific Deposit and Investment Risks

GASB Statement No. 40 requires a determination as to whether the County was exposed to the following specific investment risks at year end and if so, the reporting of the certain related disclosures:

a. Credit Risks

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The ratings of securities by nationally recognized rating agencies are designed to give an indication of credit risk. It is the County's policy to conform to Texas statutes for authorized investments, as stated above. At the end of the period, the County was not significantly exposed to credit risk.

b. Custodial Credit Risk

Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the County's name.

Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by either the counterparty or the counterparty's trust department or agent but not in the County's name. This type of transaction is not addressed by the County's investment policy, and, therefore, is not an investment option for the County at this time.

At the end of the period, the County was not exposed to custodial credit risk.

c. Concentration of Risk

This risk is the risk of loss attributed to the magnitude of government's investment in a single issuer. At the end of the period, the County was not exposed to concentration of credit risk.

d. Interest Rate Risk

This is the risk associated with changes in interest rates that will adversely affect the fair value of an investment. It is the County's policy that, in order to minimize risk of loss due to interest rate fluctuation, investment maturities will not exceed the anticipated cash flow requirements of the funds. At the end of the period, the County was not significantly exposed to interest rate risk.

e. Foreign Currency Risk

This is the risk that exchange rates will adversely affect the fair value of an investment. At the end of the period, the County was not exposed to foreign currency risk.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2020

E. Interfund Balances and Activity

1. Interfund Receivables and Payables

There were no Interfund Receivables or Payables at September 30, 2020

2. Transfers To and From Other Funds

Transfers to and from other funds at September 30, 2020, consisted of the following:

Transfers From	Transfers To	Amount
General fund	Special Revenue Funds	\$ 926,326
Special Revenue Funds	Special Revenue Funds	17,335
Special Revenue Funds	General Fund	4,000
	Total	<u>\$ 947,661</u>

Transfers are used to 1) move revenues from the fund with collection authorization to the debt service fund as debt service principal and interest payments become due, 2) move restricted amounts from borrowings to the debt service fund to established mandatory reserve accounts, 3) move unrestricted general fund revenues to finance various programs that the government must account for in other funds in accordance with budgetary authorizations, including amounts provided as subsidies or matching funds for various grant programs.

F. Short-Term Debt Activity

None

G. Long-Term Obligations

1. Long-Term Obligation Activity

2018 General Obligation Bonds in the amount of \$3,115,000 due in annual installments of \$110,000 to \$220,000 through February 15, 2039. Interest rates at 3-4% due semi-annually on February 15th, and August 15th of each year. The proceeds of the above debt were received in the 2017-2018 fiscal year and were used for the construction of a CPS Exxon Building. The debt is serviced by the CPS Exxon Building fund.

2009 Certificates of Obligation Bonds in the amount of \$6,000,000 due in annual installments of \$200,000 to \$455,000 through February 15, 2029. Interest rates at 3.00% to 4.50% due semi-annually on February 15th and August 15th of each year. The proceeds of the above debt will be used to construct various capital projects. The debt will be serviced by the county debt service fund.

Advance Refunding of Debt. On December 14, 2017, the County issued Limited Tax Refunding Bonds Series 2017 totaling \$3,945,000 with interest rates stated at 2.62% to advance refund \$3,945,000 of General Obligation Bonds Series 2009 with an interest rate of 3-4.5%. The net proceeds were used to purchase U.S. Government securities, which were deposited in an irrevocable trust with an escrow agent to provide for future debt service payments on the refunded bonds. As a result, \$3,725,000 of the Series 2009 bonds are considered to be defeased and the liability for those bonds was removed from the long-term debt. The deferred loss on defeasance of bonds, which is the difference between the reacquisition price and the net carrying amount of the refunded bonds, is being amortized over the life of the bonds. The refunding resulted in a gross debt service savings of \$222,665.66 and a net present value debt service savings of \$217,791.13 (or 5.977602% of the principal amount of the refunded bonds) which were used to refund the Series 2009 bonds and pay costs of issuance.

Deferred Charge on Refunding. At the government-wide financial statements (Exhibit A-1), the County reports cumulative charges of refunding as net deferred outflows in the amount of \$139,939.

KLEBERG COUNTY, TEXAS

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2020

I. Risk Management

The County is exposed to various risks of loss related to torts, theft, damage or destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County obtained general; law workers' compensation, major medical and unemployment insurance at a cost that is considered to be economically justifiable by joining together with other governmental entities in the State to form the Texas Association of Counties plan (TAC), a Self-Funded Pool currently operating as a common risk management and insurance program. The County pays an annual premium to TAC for its above insurance coverage. The agreement for the formation of TAC provides that TAC will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of acceptable risk levels; however, each category of coverage has its own level of re-insurance. The County continues to carry commercial insurance for all other risks of loss, including employee health and accident insurance. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. TAC's annual Financial Statements can be obtained at P.O. Box 2131, Austin, Texas 78768.

J. Pension Plan

1. Plan Description

The County's pension plan ("Plan") is a non-traditional, joint contributory, defined benefit plan which provides retirement, disability and death benefits to Plan members and beneficiaries of Brooks County provides retirement, disability, and death for all of its full-time employees through a nontraditional defined benefit pension plan in the statewide Texas County and District Retirement System (TCDRS). TCDRS is qualified pension under Section 401(a) of Internal Revenue Code. The Board of Trustees of TCDRS is responsible for the administration of the statewide agent multiple-employer public employee retirement system consisting of 535 non traditional defined benefit plans. TCDRS in the aggregate issues a comprehensive annual financial report (CAFR) is available upon request from the TCDRS Board of Trustees at P.O. Box 2034, Austin, TX 78768-2034.

The plan provisions are adopted by the governing body of the employer, within the options available in the Texas statutes governing TCDRS (TCDRS ACT). Members can retire at ages 60 and above with 10 or more years of service with 30 years of service regardless of age, or when the sum of their age and years of service equals 80 or more.

Members are vested after 8 years of employment with any organization with an accredited plan (not just the County), but must leave their accumulated contributions in the plan to receive any employer-financed benefit. Members who withdraw their personal contributions in a lump sum are not entitled to any amounts contributed by their employer. Benefit amounts are determined by the sum of the employee's deposits to the plan, with interest, and employer-financed monetary credits. The level of these monetary credits is adopted by the governing body of the employer within the actuarial constraints imposed by the TCDRS Act so that the resulting benefits can be expected to be adequately financed by the employer's commitment to contribute. At retirement, death, disability, the benefit is calculated by converting the sum of the employee's accumulated deposits and the employer-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

2. Contributions

The employer has elected the annually determined contribution rate (variable-rate) plan provisions of the TCDRS Act. The plan is funded by monthly contributions from both employee members and the employer based on the covered payroll of employee members. Under the TCDRS Act, the contribution rate of the employer is actuarially determined annually. It was 8% for the calendar year 2019. The deposit rate payable by the employee members is the rate of 4%, 5%, 6%, or 7.00% of compensation as adopted by the governing body of the employer within the options available in the TCDRS.

Employees of Kleberg County were required to contribute 7.0% of their annual gross earnings during the fiscal year. The contribution rates for the County were 7.9% and 8.5% in calendar years 2019 and 2020, respectively. Kleberg County's contributions to TCDRS for the fiscal year ended September 30, 2020 were \$775,269 and were equal to the required contributions.

3. Discount Rate

The discount rate used to measure the total pension liability was 8.1%. There was no change in the discount rate since the previous year. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term rate of return on pension plan investments is 8.1%. The long-term expected rate of return is determined by adding expected inflation to expected long-term real returns, and reflecting expected volatility and correlation. The capital market assumptions and information shown below are provided by TCDRS' investment consultant, Cliffwater LLC. The numbers shown below are based on January 2019 information for a 7-10 year time horizon.

K. Other Post-Employment Benefits

1. Plan Description

The County provides retiree coverage that has a subsidy by the employer sponsor, so there are costs determined under GASB 75. The County provides medical, dental, and vision benefits to eligible retirees and their dependents. The County pays the full individual contribution rate for the medical. The retiree pays for any dependent medical coverage elected and the full premium for dental and vision coverage. All active employees who retire directly from the County and meet the eligibility criteria may participate.

The Medicare Prescription Drug, Improvement and Modernization Act of 2003 was enacted on December 8, 2003. As a result of this legislation, employers providing drug coverage to Medicare eligible retirees, that is, at least actuarially equivalent to the standard benefit provided by Medicare, may be eligible to receive a federal subsidy. GASB has taken the position that any federal subsidy received should be reported as revenue to the plan sponsor and not used as an offset to the GASB liabilities.

2. Benefits Provided

The County provides medical, dental, and vision benefits to eligible retirees and their spouses. The County pays 100% of the individual coverage contribution rate for the medical plan for the eligible retirees under 65. The retiree pays additional premium above the individual rate for dependent coverage. The dental and vision benefits are paid for entirely by the retiree with no contribution from the County.

3. Contributions

Employees for the County were required to contribute 0% of their annual gross earnings during the fiscal year. The contribution rates for the County were 0% and 0% in calendar year 2019 and 2020, respectively. The County's contributions to TCDRS for the year ended September 30, 2020 were \$0 because the County does not participate in the group term life insurance portion of TCDRS.

Discount Rate:

The GASB statement requires that the discount rate used to determine the plan liabilities for retiree healthcare benefits is based on the earnings rate of the plan assets if the projected assets are sufficient to cover the projected benefit payments. Since there are no plan assets held in trust the Bond Buyer GO Bond 20 Index is used for determining the discount rate of 2.25%.

Changes in the Total OPEB Liability:

At September 30, 2020 the County reported a total OPEB liability of 439,221. The changes in the total OPEB liability were as follows:

	Increase (Decrease) Total OPEB Liability
Balance at September 30, 2019	\$ 410,166
Changes for the year:	
Service cost	26,041
Interest	17,497

5. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended September 30, 2020, the County recognized OPEB expense of \$42,931.

At September 30, 2020, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual economic experience (net of current year amortization)	\$ -	\$ (12,412)
Changes in actuarial assumptions (net of current year amortization)	9,050	-
Differences between projected and actual investment earnings (net of current year amortization)	-	-
Contributions subsequent to the measurement date	-	-
Total	<u>\$ 9,050</u>	<u>\$ (12,412)</u>

\$9,050 reported as deferred outflows of resources related to OPEB resulting from contributions subsequent to the measurement date will be recognized as a reduction of the total OPEB liability for the year ending September 30, 2020. Other amounts reported as deferred outflows and inflows of resources to OPEB will be recognized in OPEB expense as follows:

Fiscal year ended September 30	
2021	\$ (607)
2022	(607)
2023	(607)
2024	(607)
2025	(607)
Thereafter	\$ (327)

L. Health Care Coverage

The County began to self-insure for health insurance due to the high cost of commercial health insurance effective October 1, 2003. A stop loss policy, which covers health claims in excess of \$75,000 per individual and a one-time aggregate specific of \$150,000. The maximum lifetime coverage is unlimited. In addition, the County's aggregate stop loss coverage is \$1 million and the County maintains aggregate coverage of its group health expenses at 100% of projected claims. The self insurance plan was reinstated in November 2013.

M. Commitments and Contingencies

1. Contingencies

The County participates in grant programs which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the County has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectibility of any related receivable may be impaired. In the opinion of the County, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying basic financial statements for such contingencies.

KLEBERG COUNTY, TEXAS
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2020

2. Litigation

The County is contingently liable in respect of lawsuits and other claims in the ordinary course of its operations. Should such contingencies become a Kleberg liability, funds would have to be appropriated in future budgets for settlement. The County had a few lawsuits and claims pending at September 30, 2020. The County's attorneys do not feel that any liability, if any, will be material enough to affect the County's financial condition.

The County offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all County employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until the funds in the plan are held by PEBSCO (Public Employees Benefit Service Corporation, Columbus Ohio) as the plan administrator for the County. This plan qualifies under the requirements of the Internal Revenue Service Code Section 457, Subsection G. The funds are held in trust by PEBSCO for the exclusive benefit of the employees and their beneficiaries who will receive these funds directly from PEBSCO. Since these funds are directly remitted to PEBSCO by the County, the County no longer owns the amounts deferred by employees or related income on these amounts. Therefore, since this plan does not qualify to be included with the County's fiduciary funds, there are no plan assets included in the County's financial statements. It is noted, however, that as of September 30, 2020, PEBSCO had \$422,832 (fair market value) in the plan for County employees.

O. Subsequent Events

The County has evaluated subsequent events through August 27, 2021, the date which the financial statements were available to be issued.

*NOTES TO SCHEDULE OF CONTRIBUTIONS
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
FOR THE YEAR ENDED SEPTEMBER 30, 2020*

Valuation Date: Actuarially determined contribution rates are calculated as of December 31, two years prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Entry age normal
Amortization method	Level percentage of payroll, closed
Remaining amortization period	1.8 years
Asset valuation method	5-year smoothed market
Inflation	3.0%
Salary increases	4.9%
Investment rate of return	8.0%
Retirement age	Members who are eligible for service retirement are assumed to commence receiving benefit payments based on age. The average age at service retirement for recent retirees is 61.

Mortality In the 2015 actuarial valuation, assumed life expectancies were adjusted as a result of adopting a new projection scale (110% of the MP-2014 Ultimate Scale) for 2014 and later. Previously Scale AA had been used. The base table is the RP-2000 table projected with Scale AA to 2014.

Other Information: No changes in plan provisions.

The basis of budgeting in the Budgetary Comparison Schedules included in the Required Supplementary Information is the same as Accounting Principles Generally Accepted in the United States of America (GAAP).

Independent Auditors' Report on Internal Control over Financial Reporting and
On Compliance and Other Matters Based on an Audit of Financial Statements
Performed In Accordance With *Government Auditing Standards*

Commissioners' Court
Kleberg County, Texas
P.O. Box 72
Kingsville, Texas 78364

Members of the Commissioners' Court:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Kleberg County, Texas, as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise Kleberg County, Texas's basic financial statements, and have issued our report thereon dated August 27, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Kleberg County, Texas's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Kleberg County, Texas's internal control. Accordingly, we do not express an opinion on the effectiveness of Kleberg County, Texas's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Kleberg County, Texas's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

Independent Auditors' Report on Compliance for Each Major Federal Program and
Report on Internal Control Over Compliance Required by the Uniform Guidance

Commissioners' Court
Kleberg County, Texas
P.O. Box 72
Kingsville, Texas 78364

Members of the Commissioners' Court:

Report on Compliance for Each Major Federal Program

We have audited the Kleberg County, Texas's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Kleberg County, Texas's major federal programs for the year ended September 30, 2020. Kleberg County, Texas's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Kleberg County, Texas's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Kleberg County, Texas's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Kleberg County, Texas's compliance.

Opinion on Each Major Federal Program

In our opinion, the Kleberg County, Texas complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2020.

Report on Internal Control Over Compliance

Management of the Kleberg County, Texas is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Kleberg County, Texas's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Kleberg County, Texas's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we considered to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Respectfully submitted,

Raul Hernandez and Company, P.C.

KLEBERG COUNTY, TEXAS

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED SEPTEMBER 30, 2020

Basis of Presentation

The accompanying schedule of expenditures of federal awards ("the Schedule") includes the federal grant activity of Kleberg County, Texas. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200 *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Therefore, some amounts may differ from amounts presented in, or used in the preparation of, the basic financial statements.

Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. These expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule, if any, represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

Kleberg County, Texas has elected to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.
