- **Candidates and Specific-Purpose Committees:** A candidate or specific-purpose committee that accepts political contributions from a single source that total more than \$2,290 during the period must file a daily pre-election report. A daily pre-election report must be received by the Texas Ethics Commission (TEC) by the first business day after the date of the contribution that causes the total amount accepted from a contributor during the period to exceed \$2,290. You may be required to file more than one daily pre-election report during this period. Any political activity reported on a daily pre-election report must be reported again on the next required campaign finance report.
- **General-Purpose Committees:** A campaign treasurer of a GPAC or CEC must file one or more daily pre-election reports if the committee is involved in the March 3, 2026, primary election *and* if the committee accepts political contributions from a single source that total more than \$7,820 during this period, or makes direct expenditures supporting or opposing either a

single candidate that total more than \$2,290 or a group of candidates that total more than \$34,330 during this period.
